CHARLOTTE, N. C., SATURDAY, MARCH 14, 1863.

\$6 PER ANNUM.

VOL. VII--NO. 1196.

THE BULLETIN:  
BY EDWARD H. BRITTON.

EVENING NEWS.

FIRST EDITION.

Friday Afternoon, March 13, '63.

[TELEGRAPHED FOR THE ASSOCIATED PRESS.]

Later from Charleston, S. C.

CHARLOTTE, Mch. 12.

The report that Burnside has taken command at Port Royal and that an attack on Charleston will be made within the next fortnight, comes from Newbern. Full credit is not given to the statement but the impression is very general that an attack will soon take place.

From Georgia.

AUGUSTA, March 12.

Gov. Brown, of Georgia, will convene the Legislature on the 25th March, in extra session.

He will recommend most stringent measures to prevent the cultivation of cotton, more than may be needed for seed. He will also recommend the prohibition of distillation—such articles as may be needed for food.

From the West.

MOBILE, March 12.

A special dispatch to the Tribune, dated Jackson the 11th, says a special dispatch to the Appeal reports that two Federal deserters arrived at Panama to day. They bring information that 16 transports and 9 gunboats are in the Tallahassee river. The whole force is estimated at 14,000 men.

The deserters came on the last boat through the Yazoo Pass, and that she was badly damaged by snags.

A negro Regiment had arrived at Memphis, from above.

SECOND DISPATCH.

MOBILE, March 12.

Reliable information received here state that the most ample preparations are being made and are nearly completed to give the Yankees a warm reception on the Tallahassee river.

My information is that the greatest confidence is expressed in our ability to prevent the Yankees entering the Yazoo by way of the Tallahassee river.

From Richmond.

RICHMOND, March 12.

The Senate was chiefly occupied in discussing the Report presented yesterday relative to privileges of Reporters of the Press.

A Resolution reported by a Committee, withdrawing the privilege of a seat on the floor of the Senate from the present Reporter of the Richmond Enquirer, was finally adopted.

A motion to lay the Resolution on the table was previously rejected by a vote of yeas 21, nays 17.

The House was in secret session.

From the United States.

FREDERICKSBURG, March 11.

Via Richmond, March 12.

The New York Herald of the 9th has been received.

Gen. Carter is to be removed from the command in the West, on the ground of insubordination. Sumner probably succeeds him.

Col. Harrington, in the department of Indiana, has issued a proclamation against the society known as the K. G. C., and warns all loyal men to shun this nest of traitors, as it is his intention to hunt them out and mete out to them the punishment they deserve.

The Herald intimates that we will soon have stirring news from the army of the Potomac.

Mr. Dames, bearer of dispatches to the French and English Ministers from the French and English Consuls at Richmond, arrived in Washington on the 8th. His dispatches are said to be of great importance and will be forwarded immediately to their respective Governments.

The General assembly of New York has unanimously adopted a resolution appointing a Committee of two Democrats and four Republicans to wait on Lincoln and inquire into the cause of the arrest and detention of citizens confined in Fort McHenry.

A terrible riot occurred in Detroit on the 8th. Thirty-five negroes were destroyed and two negroes killed.

The Herald says if Lincoln, with his vast resources at his command, and unlimited powers falls within the next six months to crush the rebellion, he should be impeached.

The Baltimore & Ohio Rail Road has been fully repaired, and is now doing an enormous business. Five hundred cars, each 10 tons capacity, one half laden with products from the West, arrive daily in Baltimore. Millions of Dollars have been expended in repairing damage done by the rebels from time to time.

Andy Johnston has arrived in Washington.

The Arabia brings the report, founded on the statement of a Captain of an English steamer at Gibraltar, that the steamer Alabama was seen on the 8th of February steering Southward. On the 10th flashing guns were seen, and bursting of shells, which was evidently a contest between

GREEN BACKS TAPORED.—The Franklin (Ind.) Democrat affirms that the franchise of the Bank of the State of Indiana, in anticipation of a further decline of green backs below the gold standard, and apprehending that the Supreme Court may decide that Congress cannot make paper a legal tender, have given notice that they will no longer receive that kind of currency on deposit, unless the depositor will receive pay in the same kind. The Democrat adds: "From present indications in the financial operations of the country, we would advise all to stand firm under."

Tornado in Tennessee.

CHATTANOOGA, March 9.

A tremendous hail storm swept over this region last evening. Out houses and barns were blown down and window panes generally smashed. On Saturday evening there was a tornado at Shelbyville. The depot and telegraph office were blown down and the depot badly injured. One man was killed. The cars were blown off the track and much other damage was done.

STAMPED OUT OF CONGRESS.—A correspondent of the Hartford (Connecticut) Times writes from Hilton Head, February 24:

The negro expedition from St. Mary's has just returned. It was composed of four companies of the negro regiments. They went after negro recruits and lumber. They got together a lot of negroes, but they refused to come away, and were left behind. They did not succeed in getting any lumber. The transports were fired at from the shore. Capt. Jack Clifton, of the steamer John Adams, was killed by a ball through the head. He was well known all over New York. He was the brother of the celebrated actress, Josephine Clifton, and was very much liked for his social and cheerful qualities. His wife and daughter are at Beaufort. His loss is regretted by all. The expedition succeeded in bringing off four non-combatants. The town of St. Mary's was burnt by the negroes.

The negroes landed and camped at St. Mary's. During the night twenty rebels on horseback made a dash into their camp, when the negroes fled in every direction, and then amped for the transports, throwing away their guns. They rushed pell-mell on board, and fired the greatest confusion. The rebels fled from high bluffs, and our troops could not elevate their guns enough to do much execution.

The negroes landed and camped at St. Mary's. During the night twenty rebels on horseback made a dash into their camp, when the negroes fled in every direction, and then amped for the transports, throwing away their guns. They rushed pell-mell on board, and fired the greatest confusion. The rebels fled from high bluffs, and our troops could not elevate their guns enough to do much execution.

They rushed pell-mell on board, and fired the greatest confusion. The rebels fled from high bluffs, and our troops could not elevate their guns enough to do much execution.

INVASION OF SONORA BY THE FRENCH.—The delegate from New Mexico in the Yankee Congress has received advice from El Paso, in Chihuahua, that the French, 20,000 strong, had captured Guaymas, and were marching on Hermosillo, the capital of the Mexican State of Sonora. The reason assigned for this invasion is said to be in consequence of Governor Pezuela confiscating the goods of Frenchmen and banishing them from Sonora.

The Yankees have arrayed against us powerful armies, under the lead of General Hooker, Hunter, Banks, Foster, Sigel, Rosenkrantz and the Beast. But we are threatened by a more formidable general, general starvation. Our farmers, every man, woman and child that can wield a hoe can meet the latter in the field. It will drive him from our midst, our brave soldiers will vanquish the others.—Savannah News.

THE FOLLOWING BEAUTIFUL EPITAPH upon an infant speaks to the heart:

Beneath this stone, in sweet repose,  
Lies a mother's dearest pride;  
A flower that scarce had waxed to life,  
And light and beauty, ere it died.

God, in His wisdom, has recalled  
The precious boon his love had sent,  
And though the casket moulders here,  
The gem is sparkling now in heaven.

WORTH CONSIDERING.—Suppose, says the Tallahassee Floridian, the planters plant large fields of cotton, and the corn crop should prove insufficient to feed the army and the people, who will starve first, the men in the army or the planter and his slaves? In plainer words, will not the government seize the corn in the planter's crib, and the pork in his smoke house rather than see the soldiers starve?

NOVEL IDEA.—During a recent debate in the Confederate Senate, Mr. Phelan, of Miss., alluded to the fact that they had seen white women, in Whopless skirts and broad sun bonnets, guiding the plow in Southern fields. He invoked God's blessing upon such women, and hoped that they would be mantled ornaments in the parlors of Paradise.

DECISION IN THE CASE OF THE ADJUTANT GENERAL.—The Supreme Court has decided, all the Judges concurring, that the office of Adjutant General is vacant and that in Governor Vance is vested the right and power to fill the vacancy. The appointment, we suppose, will be made at once.—Raleigh Progress.

MOVEMENT OF YANKEE PRISONERS.—About six thousand Yankee prisoners, from all parts of the South, will arrive here during the next two weeks, to be sent North per flag of truce. Preparations are now being made at the Libby prison for their reception.—Richmond Whig.

GREEN BACKS TAPORED.—The Franklin (Ind.) Democrat affirms that the franchise of the Bank of the State of Indiana, in anticipation of a further decline of green backs below the gold standard, and apprehending that the Supreme Court may decide that Congress cannot make paper a legal tender, have given notice that they will no longer receive that kind of currency on deposit, unless the depositor will receive pay in the same kind.
